Subject: Limited Self-Quarantine Exemption for Airline Crews

Aloha,

Notwithstanding that those persons entering the state and performing critical infrastructure functions are subject to a 14-day quarantine and are only allowed to break quarantine to perform those critical infrastructure functions, it has been determined that for the health and safety of the airline crews and the passengers on their flights, airline crews may leave their designated quarantine location in order to (a) exercise outdoors, excluding ocean activities, so long as social distancing requirements are met, and (b) pick up food for consumption at their designated quarantine location. Any other breaking of quarantine remains strictly prohibited.

Mahalo

Limits on Exemption or Approval:

Your activity, operation, or business is restricted to the purposes and activities described in this email string. When performing approved activities, operations, or business, you must comply with all social-distancing rules in the Seventh Supplementary Proclamation (May 5, 2020): https://governor.hawaii.gov/wp-content/uploads/2020/05/2005024-ATG_Seventh-Supplementary-Proclamation-for-COVID-19-distribution-signed-1.pdf

Review County Rules:

Please know that county proclamations and orders may be more restrictive. You should consult with county authorities about their requirements and restrictions on your activity or business:

- Honolulu: <https://www.honolulu.gov/mayor/proclamations-orders-and-rules.html>
- Maui: <https://www.mauicounty.gov/2370/COVID-19-Coronavirus-Information>
- Kauai: <https://www.kauai.gov/covid-19>
- Hawaii: <https://coronavirus-response-county-of-hawaii-hawaiicountygis.hub.arcgis.com/>
